**BACKGROUND:** Youth in Government Day is an opportunity for local high school students countywide to meet and speak with Board members and learn about the complexities that Loudoun County officials are faced with when making decisions on behalf of local government and citizens. This year the Youth in Government Day program will occur on May 3, 2022, from 9:30 am to 6:30 pm. Students will participate in workshops focusing on community building and leadership.

Students will also attend a luncheon with Board members and/or board staff in the Dulles Room. The luncheon will give students an opportunity to interact with the Board and staff, helping the students to develop a better understanding of their local government.

After lunch, Youth in Government Day participants will be treated to a presentation from keynote speaker Dr. Green-Flint from Shenandoah University. The event will conclude with students having the opportunity to observe a Board Business Meeting, followed by dinner with Board members.
